Entry Limits:

- Each entrant is limited to 75 entries (photos) for the entire show.
- There are NO limits on the number of entries per class per entrant.
- Only one photo per model per class is allowed.
- One horse per photo except for Performance and Collectors' Classes.
- Each model may only show in only one breed and one collectibility halter class.
- There are no limits to the number of performance classes a model can enter.

Eligible Photos:

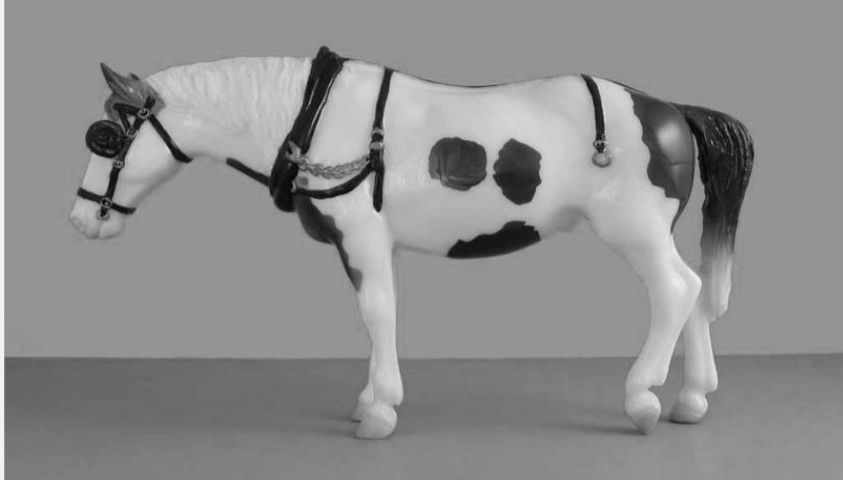

- Photos must be JPGs, and no more than 1000 pixels on the long side and 250 kb in file size.
- You must be the current owner of the model and use your own photo.
- No filters, digital enhancements, digital backgrounds or “touch ups” of models are allowed.
- Do not put watermarks on your photos.

Create Your Entries:

- After you get your PonyBytes account (see “[Entry Form](#)” for more information), you can then start uploading photos to your MyGallery space, and copy images to the show later.
- Review the following PonyBytes Help documents:
 - Thoroughly review [the Upload Your Photos Help document](#).
 - Thoroughly review [the Formatting Text Fields: Simple Version Help document](#).
 - If you do not format entries correctly, your entry may be disqualified.
- How to Fill Out the Photo Title and Description Fields:
 - In the Title field, put the name of your model.
 - In the Description field after NAME* replace the “Put Your Horse Name Here” default text with the name of your horse. Do *not* add a space after NAME*.
 - In the Description field after OTHER* insert the following:
 - **NOTE: Do not put hard returns or create extra paragraphs in the Description area.**
 - **OF Breed Classes:** You *must* identify (a) breed (b) gender, and (c) the edition name, as that will help us with stewarding. You *may* include breed or color “Documentation” text or a link to photos in this area (see the [Documentation Help page](#)) and it is strongly recommended for rare/historical breeds and/or rare, restricted or historical colors/patterns. Please **do not** put links to collectibility documentation in “breed” class photos unless you preface it with “collectibility link:” – we would rather breed judges not take time to read those.
 - **CM Breed Classes:** You *must* identify (a) breed (b) gender, and (c) the mold, as that will help us with stewarding. You *may* include breed or color “Documentation” text or a link to a photo (see the [Documentation Help page](#)) and it is strongly recommended for rare/historical breeds and rare, restricted or historical colors/patterns. Do not identify customizers.
 - **Collectibility Classes:** You *must* include (a) manufacturer, (b) edition name, (c) run type, (d) scale, (e) years made, (f) number made, (g) series, where that info is available. Use [IdentifyYourBreyer](#) to help you. You may include links to photos for collectibility items such as Certificates of Authenticity (see the [Documentation Help page](#)) or any additional text that enhances your entry.
 - **Performance Classes:** You *must* identify in text your horse’s activity in the photo (such as a real horse show event like “Western Trail,” or for scene classes a narrative like, “Horse is taking an apple from owner after a long day’s work”). You may include links to photos (see the [Documentation Help page](#)) or additional text that you feel will enhance your entry. You must identify only one horse by color and location to be judged in multi-horse photos.
 - **Collectors’ Classes:** Include all info identified in the Collectibility Classes section above for each horse, plus tell us why your collection suits the theme of the particular Collectors’ class.
- Entering the Show
 - Use the “Entering Your Photo into a Show” instructions [here](#) to copy photos into the show.
 - Counting Pix: As you enter photos into the show, you can check the number of photos entered by clicking the “Reports” link in the top menu, “My Entries” and then the show name.
 - Stewards may check to ensure that entries are in right class with the required info. Stewards may leave comments on photos asking entrants to edit information or contact you directly.
 - Steward contact information will be located on the [show’s page](#) on PonyBytes.
 - Although we have stewards, it is nonetheless the entrant’s exclusive responsibility to put models in the appropriate class with a correctly-formatted description.
- **After the Galleries Close deadline, DO NOT attempt to add, edit, or delete entries or the photo(s) will be automatically and permanently removed from the show.**

Sample Entry with Breed Halter Documentation:

Peabody

Description: NAME*Peabody|OTHER*North American Spotted Draft Gelding. DOCUMENTATION - A specific phenotype is still in development. Photo here: <https://www.oocities.org/doubletreefarm/horse2m.jpg>

Judging:

- After the entry period is over, judges will review your horses. Entrants may not contact judges directly.
- Breed Classes will be judged on anatomy, biomechanics, conformation, color, and model condition.
- In the CM division, Fantasy, Unrealistic/Deco and Animal classes will be judged on workmanship.
- Collectibility classes will be judged on rarity, age, condition, and desirability.
- Performance classes will be judged based on suitability of model to event, suitability of tack and placement, and whether the horse is correctly and safely performing the task at hand.
- As noted above, stewards will review judges' placings and we may adjust placings to exclude ineligible models. **PLACINGS ARE NOT FINAL UNTIL OCTOBER 12, 2024 at 5 PM ET.**

Conduct Rules:

- The show holders have the discretion to alter, amend or apply these rules. You will follow the rules and treat staff and other entrants courteously. Direct complaints to the show holders, not the world.
- By registering for this show, you release and hold harmless the show holders and all other staff members, Breyer/Reeves, and PonyBytes from any and all claims regardless of foreseeability and you indemnify these people and entities against your own unlawful, negligent and/or reckless conduct and you specifically grant Breyer into perpetuity a non-exclusive license to publish, display, reproduce, modify, edit, or use any entered image for commercial and editorial use including advertising and/or promoting Breyer, Breyer Boot Camp, BreyerWest, BreyerFest, and/or any related Breyer products or services, without compensation or the obligation to credit you.
- A breach of these rules or any other show packet rule subjects an entrant to disqualification.
